### **Discussion with Lyn Diskon, Southside Community Services.**

Asked whether the OEPA can have a copy of Southside's insurance policy on the Community Hall, Lyn Diskon replied that the Hall is covered under Southside's general insurance policy. Asked what use we may make of the Community Hall, Lyn replied that she could supply the OEPA with the *Hire Agreement* and that if we wanted to use the Hall the OEPA would need to have public liability insurance. She added that the OEPA may be able to come under the SCS umbrella for activities such as markets.

It was pointed out that occasionally noisy parties are held in the Community Hall running to 2.00 or 3.00am. Lyn advised that residents should phone the police if there is a problem.

Lyn stated that one (subsidiary) role of Southside Community Services is to help with community development. She would like to map the social infrastructure of Oaks Estate, if possible with the assistance of the OEPA, in order to build a mini social plan for the area, identifying positive outcomes that groups and individuals want to have happen. For example, an annual signature community event could be developed which would build up interest over time.

Asked how Oaks Estate fits in to Southside's Business Plan, Lyn replied that she had put in an expression of interest for Round 4 of the Regional Development Australia (RDA) funding to improve the physical infrastructure of the Community Hall by creating a day care centre there, but there had not been a chance to consult with the community on the proposal.

Michel raised the possibility of developing the Oaks Estate Railway lands with RDA support, for example by creating a farmers market. Lyn replied that an OEPA/ Southside partnership could develop a proposal for Round 5 of the RDA funding due Mar/Apr 2013.

Lyn reiterated that Southside needs a defined project in Oaks Estate to be developed possibly through collaboration with the OEPA to build community identity and strength.

### **6. Other business.**

– Effect of August 2013 deadline for completion of master planning needs to be considered.

– Noted that the OEPA AGM must be held before 30 June 2013.

– Proposed to hold an OEPA general meeting / BBQ early in the new year aiming to improve feedback and organization of the community to face the end of the master planning and to help develop a collaborative project with Southside.

– Meeting with the Molonglo Catchment Group and others to be held in Gillespie Park in mid January.

– Letter re provision of a footpath between Oaks Estate Road and Florence Street sent to Shane Rattenbury's advisers, copy to ESDD.

– Massive thanks to Judith and Alex for their hospitality and delicious dinner; and thanks too to Lyn Diskon for attending the meeting.
